

**Room 113C: Monday, February 12**

**10:30 AM – 12:00 PM**

**HORIBA Scientific**

**New and Unique FLIM Solutions from HORIBA Fluorescence Division**

In this presentation, we will introduce new and unique fluorescence lifetime imaging (FLIM) solutions from the fluorescence division of HORIBA Instruments Inc including laser scanning confocal FLIM, to stage-scanning FLIM and our revolutionary wide field video rate FLIM video camera (FLIMera). Demonstrations are also available in our booth #518.

**Speaker**

Cary Davies, Global Product Line Manager, HORIBA Scientific
